#### ORDINANCE NO. 4487

#### AN ORDINANCE AMENDING ORDINANCE NO. 2050, THE DEVELOPMENT CODE, TA 2007-0010, LAND DIVISION UPDATE AMENDMENT

WHEREAS, in November 2007, the City of Beaverton Community Development Department staff submitted a proposed text amendment to Chapter 40 (Applications), Chapter 50 (Procedures), Chapter 60 (Special Requirements), and Chapter 90 (Definitions) to update the provisions applicable to land divisions; and

WHEREAS, the amendments were proposed to clarify the regulations as they apply to existing versus new development, remove internal conflicts in the code, and comply with recent changes in state law; and

WHEREAS, the Planning Commission conducted public hearings on January 16, 2008, February 20, 2008, and May 28, 2008 to consider the proposed amendments; and

WHEREAS, the Planning Commission received and considered the submitted staff report, exhibits, and staff recommended approval of this Development Code text amendment as amended by the Planning Commission; and

WHEREAS, on May 28, 2008, the Planning Commission conducted a public hearing at the conclusion of which the Planning Commission reached a determination to recommend to the Beaverton City Council to adopt the proposed amendments to the Development Code as summarized in Planning Commission Land Use Order No. 2083; and

**WHEREAS**, no appeal of the Planning Commission recommendation was filed with the City; and

WHEREAS, the Council adopts and incorporates herein the Development Services Division Staff Report dated January 9, 2008, February 13, 2008, May 21, 2008, Planning Commission Land Use Order 2065, and Planning Commission Land Use Order No. 2083 as the applicable criteria and finding which constitute an adequate factual basis for this ordinance. Now, therefore,

002

Agenda Bill: 08112

THE CITY OF BEAVERTON ORDAINS AS FOLLOWS:

**Section 1.** Ordinance No. 2050, the Development Code is amended to read as set out in Appendix "A" to this Ordinance attached to and incorporated herein by this reference.

First reading this <u>14th</u> day of <u>July</u>, 2008. Passed by the Council this <u>21st</u> day of <u>July</u>, 2008. Approved by the Mayor this  $22^{M}$  day of  $J_{W/V}$ , 2008.

ATTEST:

Â

SUE NELSON, City Recorder

APPROVED:

ROB DRAKE, Mayor

Section 1: The Development Code, Ordinance No. 2050, Chapter 20 -1 Land Use, Section 20.05, RESIDENTIAL LAND USE DISTRICTS, is  $\mathbf{2}$ amended to read as follows with deleted matter in strikethrough and new 3 matter in highlight: 4 5 \*\*\*\* 6 7 8 20.05.10. **Urban Low Density (R-10) District** 9 1. **Purpose.** The purpose of this zone is to allow one dwelling per lot of 10 record. (ORD 3293; November, 1982) The R-10 District is intended to 11 establish standard low urban density residential home sites where a 12minimum land area of 10,000 square feet is available for each dwelling 13 unit unless reduced through an approved Planned Unit Development 14 or Land Division, and where full urban services are provided. 15 16\*\*\*\*\* 17 18 19 20.05.15. **Urban Standard Density (R-7) District** 20Purpose. The purpose of this zone is to allow one dwelling per lot of 211. record. (ORD 3293; November, 1982) The R-7 District is intended to 22 23 establish standard urban density residential home sites where a 24minimum land area of 7,000 square feet is available for each dwelling unit unless reduced through an approved Planned Unit Development 2526or Land Division, and where full urban services are provided. 27\*\*\*\*\*  $\mathbf{28}$ 2920.05.20. Urban Standard Density (R-5) District 30 31321. **Purpose.** The purpose of this zone is to allow one dwelling per lot of record. (ORD 3293; November, 1982) The R-5 District is intended to 33 establish standard urban density residential home sites where a 34 minimum land area of 5,000 square feet is available for each dwelling 35 unit unless reduced through an approved Planned Unit Development 36 37or Land Division, and where full urban services are provided. #### 40.03. FACILITIES REVIEW COMMITTEE

Consistent with Section 10.95.4 (Facilities Review Committee) of this Code, the Facilities Review Committee shall review the following Type 2 and Type 3 land use applications: all Conditional Use, Design Review Two, Design Review Three, Public Transportation Facility Reviews, Street Vacations, and all applicable Land Divisions. Applicable land division applications are Replats, Partitions, Subdivisions, Fee Ownership Partitions, and Fee Ownership Subdivisions. In making a recommendation on an application proposal to the decision making authority, the Facilities Review Committee shall base its recommendation on a determination of whether the application satisfies all the following technical criteria. The applicant for development must establish that the application complies with all relevant standards in conformance with Section 50.25.1.B, and all the following criteria have been met, as applicable:

#### 1. All Conditional Use, Design Review Two, Design Review Three, and applicable Land Division applications:

- A. All critical facilities and services related to the proposed development have, or can be improved to have, adequate capacity to serve the proposed development at the time of its completion.
- B. Essential facilities and services related to the proposed development are available, or can be made available, with adequate capacity to serve the development prior to its occupancy of the proposed development. In lieu of providing essential facilities and services, a specific plan strategy may be submitted approved if it that adequately demonstrates how that these essential facilities, services, or both will be provided to serve the proposed development within five (5) years of occupancy.

$     \begin{array}{c}       1 \\       2 \\       3 \\       4 \\       5 \\     \end{array} $	C.	The proposed development is consistent with all applicable provisions of Chapter 20 (Land Uses) unless the applicable provisions are modified by means of one or more applications subject to an Adjustment, Planned Unit Development, or Variance-which shall be already approved or which shall be
6		considered concurrently with the subject application; provided,
7		however, if the approval of the proposed development is
8		contingent upon one or more additional applications, and the
9		same is not approved, then the proposed development must
10		comply with all applicable provisions of Chapter 20 (Land Uses).
11		
12	D.	The proposed development is consistent with all applicable
13		provisions of Chapter 60 (Special Requirements) and all
14		improvements, dedications, or both, as required by the
15		applicable provisions of Chapter 60 (Special Requirements), are
16		provided or can be provided in rough proportion to the identified
17		impact(s) of the proposed development.
18		
19	E.	Adequate means are provided or can be provided to ensure
20		continued periodic maintenance and necessary normal
21		replacement of the following private common facilities and
22		areas, as applicable: drainage facilities ditches, roads and other
23		improved rights-of-way, structures, recreation facilities,
24		landscaping, fill and excavation areas, screening and fencing,
25		ground cover, garbage and recycling storage areas, and other
26		facilities not subject to <del>periodic</del> maintenance by the City or other
27		public agency.
28		
29	F.	There are safe and efficient vehicular and pedestrian circulation
30		patterns within the boundaries of the development.
31		
32	G.	The development's on-site vehicular and pedestrian circulation
33		systems connect to the surrounding circulation systems in a
34		safe, efficient, and direct manner.
35		
36	H.	Structures and public facilities serving the development site are
37		designed in accordance with adopted City codes and standards
38		and provide adequate fire protection, including, but not limited
39		to, fire flow.
40		
41	I.	Structures and public facilities serving the development site are
42		designed in accordance with adopted City codes and standards
43		and provide adequate, and protection from crime and accident,
44		as well as protection from hazardous conditions due to
45		inadequate, substandard or ill-designed development.

$egin{array}{c} 1 \\ 2 \\ 3 \\ 4 \\ 5 \end{array}$	J. Grading and contouring of the development site is designed to accommodate the proposed use and to mitigate adverse effect(s) on neighboring properties, public right-of-way, surface drainage, water storage facilities, and the public storm drainage system.
6 7 8 9 10	K. Access and facilities for physically handicapped people are incorporated into the development site and building design, with particular attention to providing continuous, uninterrupted access routes.
11 12 13	L. The application includes all required submittal materials as specified in Section 50.25.1 of the Development Code.
14 15 16	2. Public Transportation Facility Improvements or Modifications, including Street Vacations
17 18 19	A. The transportation facility, as proposed or modified, conforms to the Transportation System Plan.
20 21 22	B. There are safe and efficient vehicular and pedestrian circulation patterns within the project boundaries.
23 24 25 26 27	C. The proposed development is consistent with all applicable provisions of Chapter 60 (Special Requirements) and all improvements, dedications, or both required by the applicable provisions of Chapter 60 (Special Requirements) are in place.
28 29 30 31 32 33 34 35	D. Adequate means are provided or proposed to be provided in a satisfactory manner, to ensure continued periodic maintenance and replacement of the following, as applicable: drainage facilities, roads and other improved rights-of-way, structures, recreation facilities, landscaping, fill and excavation areas, screening and fencing, ground cover, garbage and recycling storage areas and other facilities.
36 37 38	E. The proposed transportation facility connects to the surrounding circulation systems in a safe, efficient, and direct manner.
<ol> <li>39</li> <li>40</li> <li>41</li> <li>42</li> <li>43</li> <li>44</li> </ol>	F. The proposed transportation facility or modification thereof will provide adequate fire equipment facility access and turnaround area, as well as adequate street lighting for crime and accident prevention as well as protection from hazardous conditions due to inadequate, substandard or ill-designed development.

$     \begin{array}{c}       1 \\       2 \\       3 \\       4 \\       5 \\       6     \end{array} $	G. Grading and contouring are the minimum necessary to accommodate the proposed transportation facility, while mitigating adverse effect(s) on neighboring properties, public right-of-way, surface drainage, water storage facilities, and the public storm drainage system.
7 8 9 10 11	H. Access and facilities for physically handicapped people are maintained and/or incorporated into the subject transportation facility, with particular attention to providing continuous, uninterrupted access routes.
11 12 13 14 15	I. The application includes all required submittal materials as specified in Section 50.25.1 of the Development Code.
16 17 18 19	<u>Section 3:</u> The Development Code, Ordinance No. 2050, Chapter 40 – Applications, Section 40.45, LAND DIVISION, is amended to read as follows with deleted matter in <del>strikethrough</del> and new matter in highlight:
20	40.45. LAND DIVISION AND RECONFIGURATION
21	
22	40.45.05. Purpose.
$\overline{23}$	
$\overline{24}$	The purpose of the Land Division applications is to establish regulations,
25	procedures, and standards for the division or reconfiguration of the
26	boundaries of land within the City of Beaverton. This Section is carried out
27	by the approval criteria listed herein.
28	
29 30	40.45.10. Applicability.
31	The provisions of this section shall-apply to all subdivisions, partitions,
32	developments involving the dedications of public right-of-way, or and the
33	reconfiguration of existing property lines. , except for the dedication of public
<b>34</b>	rights of way. Code requirements for the vacation of public rights-of-way are
35	in Chapter 40.75 Street Vacations.
36	
37	40.45.15. Applications.
38	
39	There are seven (7) Land Division eight (8) types of applications under this
40	Section, which are as follows: Property Line Adjustment, Replat, Preliminary
41	Partition, Preliminary Subdivision, Preliminary Fee Ownership Partition,
42	Preliminary Fee Ownership Subdivision, Final Land Division, and Expedited
43	Land Division.
44	

## 1. **Property Lot** Line Adjustment.

2.

C.

- A. <u>Threshold.</u> An application for Property Line Adjustment shall be required when one or more of the following thresholds apply [ORD 4405; September 2006]:
  - The changing of the a common boundary of at least two
     (2) lots of record and where the number of lots or parcels
     create an additional lot does not change; except a proposal

meeting the threshold for a Replat under Section 40.45.15.2, shall be processed as a Replat and not as a Property Line Adjustment. [ORD 4405; September 2006] The elimination of a common boundary between two (2) or more lots of record that result in the creation of a single lot of record (Lot Consolidation).

More than one Property Line Adjustment application (i.e., affecting more than two (2) pairs of lots) may be processed concurrently <u>simultaneously</u> through a single Property Line Adjustment application for each pair of lots, provided the threshold in 40.45.15.1.A.1 is met.

B. <u>Procedure Type.</u> The Type 1 procedure, as described in Section 50.35 of this Code, shall apply to an application for Property Line Adjustment. The decision making authority is the Director.

<u>Approval Criteria.</u> In order to approve a Property Line Adjustment application, the decision making authority shall make findings of fact based on evidence provided by the applicant demonstrating that all the following criteria are satisfied:

1. The application satisfies the threshold requirements for a **Property Line Adjustment**.

2. All City application fees related to the application under consideration by the decision making authority have been submitted.

$     \begin{array}{c}       1 \\       2 \\       3 \\       4     \end{array} $	3.	The proposal contains all applicable application submittal requirements materials as specified in Section 50.25.1 of the Development Code.
5 6	4.	An additional lot or parcel is not created.
7 8 9 10 11 12 13 14	5.	The Property Line Adjustment is consistent with all applicable provisions of Chapter 20 (Land Uses), unless the applicable provisions are modified by means of one or more applications subject to an Adjustment, Planned Unit Development, or Variance application which shall be already approved or considered concurrently with the Property Line Adjustment.
15 16 17	6.	The proposal is consistent with all applicable provisions of Chapter 60 (Special Regulations).
17 18 19 20 21 22	7.	All critical facilities and services <del>related to the</del> <del>development</del> have, or can be improved to have, adequate capacity to serve the reconfigured lots <del>proposal at the</del> <del>time of its completion</del> .
23 24 25 26	<del>8.</del>	There are safe and efficient vehicular and pedestrian circulation patterns within the boundaries of the site and in connecting with the surrounding circulation system.
27 28 29	8.	The proposal will not eliminate pedestrian or vehicle access to the affected properties.
30 31 32	9.	The proposal does not create a parcel which will have more than one (1) zoning designation.
33 34 35 36	10.	The application <del>proposal</del> contains all required <del>application</del> submittal <del>requirements</del> materials as specified in Section 50.25.1 of the Development Code.
37 38 39 40	11.	Applications and documents related to the request requiring further City approval shall be submitted to the City in the proper sequence.
40 41 42 43 44	****	

Conditions of Approval. The decision making authority may impose conditions on the approval of a Property Line Adjustment application to ensure compliance with the approval criteria. All Property Line Adjustment decisions shall also require that:

The Applicant shall provide evidence to the City that a conveyance instrument conforming to the approved Property Line Adjustment has been recorded at

Washington County.- in the County Clerk's office. The Property Line Adjustment shall not become final until such evidence is supplied to the city.

- [ORD 4405; September 2006] The applicant for a Property 2.1.Line Adjustment shall file a record of survey or replat with the County as required by Oregon Revised Statutes Chapter 92. The record of survey or replat shall be subject to review by the City as part of the Property Line Adjustment application, and shall not be subject to further review under Section 40.45.15.7, Final Land Division.
- Appeal of a Decision. Refer to Section 50.60. F.
  - 50 00 The most is insting of a Designation Defau to Castion 2

25	G.	Expiration of a Decision. Refer to Section 50.90. To vest in a
26		Property Line Adjustment permit, the applicant must: (1) show
27		proof that conveyance instruments conforming to the Property
28		Line Adjustment approval have been recorded in the County
29		Clerk's office; and, (2) a record of survey for the subject
30		properties has been filed in the County Clerk's office, subject to
31		review by the County Surveyor. The preliminary Property Line
32		Adjustment decision is valid for a period of two (2) years. After
33		a period of two (2) years, unless extended under Chapter 50.93,
34		the preliminary Property Line Adjustment decisions shall expire
35		and a new Property Line Adjustment application shall be
36		required.

without the applicant first obtaining approval under Section 40.75 Street Vacations;

3. Within an existing plat, a public easement is conveyed, removed, or modified in such a way that it affects more than one (1) property owner (i.e., multiple properties under different ownership);

The reconfiguration of lots or parcels affecting more than one (1) recorded plat, or where the perimeter boundary of a recorded plat would change as a result of the proposed reconfiguration.

Procedure Type. The Type 2 procedure, as described in Section **B**. 50.40 of this Code, shall apply to an application for Replat, except the Type 1 procedure, as described in Section 50.35 of this Code, shall apply to an application for Replat involving only the consolidation of lots and not triggering any of the thresholds in Section 40.45.15.A.2 through 40.45.15.A.4. The decision making authority is the Director. C. Approval Criteria. In order to approve a Replat application, the decision making authority shall make findings based on evidence provided by the applicant demonstrating that all the following criteria are satisfied. The application satisfies the threshold requirements for a 1. Replat.

2. All City application fees related to the application under consideration by the decision making authority have been

14

Code. In addition, streets, driveways, and utilities shall be sufficient to serve the proposed lots and future potential development on oversized lots.

Applications that apply the lot area averaging size standards of Section 20.05.50.1.B shall demonstrate that the resulting land division facilitates the following:

a. Preserves a designated Historic Resource or Significant Natural Resource (Tree, Grove, Riparian Area, Wetland, or similar resource); or,

b. Complies with minimum density requirements of this code, provides appropriate lot size transitions adjacent to differently zoned properties, minimizes grading impacts on adjacent properties, and where a street is proposed, provides a standard street cross section with sidewalks.

6. Applications that apply the lot area averaging size standards of Section 20.05.50.1.B shall not require further Adjustment or Variance for the Land Division.

If phasing is requested by the applicant, the requested phasing plan meets all applicable City standards and provides for necessary public improvements for each phase as the project develops.

8. The proposal will not eliminate pedestrian or vehicle access to the affected properties.

9. The proposal does not create a parcel or lot which will have more than one (1) zoning designation.

5.

7.

10. Applications and documents related to the request requiring further City approval shall be submitted to the City in the proper sequence.

## D. <u>Submission Requirements.</u>

An application for a Replat shall be made by the owner(s) of the subject property or the owner's authorized agent, on a form provided by the Director and shall be filed with the

 $\begin{array}{r}10\\11\\12\\13\\14\\15\\16\\17\\18\\19\\20\\21\\22\\23\\24\\24\\25\end{array}$ 

5

0

8

Director. Provided, however, where the application is made in conjunction with a Legal Lot Determination under Chapter 40.47, the City may consider the application even if fewer than all the owners of the existing legal lot or parcel have applied for the approval. The Replat application shall be accompanied by the information required by the application form, and the information required by Section 50.25 (Application Completeness), and any other information identified through a Pre-Application Conference.

2. The Director may consider and act upon a request to develop a Replat in phases. If the Replat is to be phased, the applicant shall propose a phasing program in writing at the time of the Replat application submittal. The applicant is responsible for providing a time schedule for the final platting of the various phases. In no case shall the total time period for the final platting of all stages be greater than five (5) years without filing a new application.

E. <u>Conditions of Approval.</u> The decision making authority may impose conditions on the approval of a Replat application to ensure compliance with the approval criteria.

F. <u>Appeal of a Decision</u>. Refer to Section 50.60.

<u>Expiration of a Decision</u>. Refer to Section 50.90. Except where a phasing program is approved under 40.45.15.2.D.2, the filing of a Final Land Division application in accordance with Section 40.45.15.7 shall occur within two (2) years of the date of Replat

41

42

Section 9: The Development Code, Ordinance No. 2050, Chapter 60 – Special Regulations, Section 60.15, LAND DIVISION STANDARDS, is  $\mathbf{2}$ amended to read as follows with deleted matter in strikethrough and new 3 matter in highlight: 4

LAND DIVISION STANDARDS. [ORD 4224; August 2002] **60.15**. 6

60.15.05. **Purpose.** It is the purpose of this section to establish uniform design 8 and development standards and requirements for all land division 9

44

 $\mathbf{5}$ 

7

applications in Section 40.45 of this Code.

#### **Grading Standards.** 60.15.10.

1.

2.

Applicability. The on-site surface contour grading standards specified in Section 60.15.10.3. are applicable to all land use proposals where grading is proposed, including land division proposals and design review proposals, as applicable. This Section does not supersede Section 60.05.25 Design Review and the exemptions listed in Section 60.15.10.2 will apply equally to design review proposals.

Exemptions. The following improvements will be exempted from the on-site surface contour grading standards specified in Section 60.15.10.3:

> > 33

25	A. Public right-of-way road improvements such as new streets,
26	street widening, sidewalks, and similar or related
27	improvements.
28	
29	B. Storm water detention facilities subject to review and approval
30	of the City Engineer.
31	
32	C. On-site grading where the grading will take place adjacent to an
33	existing public street right-of-way, and will result in a finished
34	grade that is below the elevation of the subject public street
35	right-of-way; provided such grading is subject to the approval of
36	the City Engineer, who may require appropriate erosion and
37	sediment control mitigation measures.
38	
39 3.	On-site surface contouring. When grading a site within twenty-five
40	(25) feet of a property line within or abutting any residentially zoned

property, the on-site surface contours shall observe the following: 41 42 43

### TA 2007-0010 Land Division Update Page 30 of 44 CC 6-16-08 1st Reading

A. 0 to 5 feet from property line: Maximum of two (2) foot slope differential from the existing or finished slope of the abutting property, whichever is applicable.

B. More than 5 feet and up to and including 10 feet from property line: Maximum of four (4) foot slope differential from the existing or finished slope of the abutting property, whichever is applicable.

More than 10 feet and up to and including 15 feet from property line: Maximum of six (6) foot slope differential from the existing or finished slope of the abutting property, whichever is applicable.

D. More than 15 feet and up to and including 20 feet from property line: Maximum of eight (8) foot slope differential from the existing or finished slope of the abutting property, whichever is applicable.

E. More than 20 feet and up to and including 25 feet from property line: Maximum of ten (10) foot slope differential from the existing or finished slope of the abutting property, whichever is applicable.

Where an existing (pre-development) slope exceeds one or more of the standards in subsections 60.15.10.3.A-E, above, the slope after grading (post-development) shall not exceed the predevelopment slope.

<u>Significant Trees and Groves</u>. Notwithstanding the requirements of Section 60.15.10.3, above, grading within 25 feet of a significant tree or grove <u>Preserved Tree</u>, where the tree is located on- or off-site, shall observe the following:

A. 0 to 10 feet from the trunk of a significant tree or grove preserved tree: No change in pre-development ground elevation;

B. More than 10 feet, and up to and including 25 feet, from the trunk of a significant tree or grove Preserved Tree, or to the outside edge of the tree's drip line, whichever is greater: Maximum 10% slope gradient difference from the predevelopment ground elevation;

TA 2007-0010 Land Division Update Page 31 of 44 CC 6-16-08 1<sup>st</sup> Reading

1		C. Based on a recommendation of the City Arborist, the decision
<b>2</b>		making body may require additional setbacks and/or other tree
3		protection measures to protect the public health, safety and
4		welfare.
<b>5</b>		
6	60.15. <del>10</del> 15.	General Provisions. Final Plat Standards.
7		
8	1.	Easements and Rights-of-Way. Refer to Chapter 9.05 of the
9		Beaverton Municipal Code and Section 120 of the Beaverton
10		Engineering Design Manual.
11		
12		A. The minimum public utility and drainage easements for
13		residential land divisions shall be as follows:
14		1. A six foot (6) public utility easement along all front lot
15		lines.
16		2. A three foot (3) utility and drainage easement along all
17		side and rear lot lines.
18		B. Public water, sanitary sewer, and storm drainage lines on
19		private property shall be centered within a permanent easement
20		granted to the City, with a minimum width of fifteen feet (15)
$\frac{10}{21}$		along its entire length. The actual required width of an
22		easement may be greater than the minimum required as the
23		required easement width shall be measured from both outside
$\frac{25}{24}$		edges of the pipe zone outward to the catch points where the
$\frac{24}{25}$		theoretical lines at a 1:1 slope would daylight unless permanent
$\frac{25}{26}$		soil reinforcements or other measures are provided to the
$\frac{20}{27}$		satisfaction and approval of the City Engineer. No
28		encroachment within a public utility easement of any private
$\frac{28}{29}$		utility or structure shall be allowed without prior itemized
29 30		approval. Under no circumstances, shall these items be placed
$\frac{30}{31}$		within the pipe zone. Private utilities that cross public utility
32		easements shall do so as close as practical to right angles with the public utility. The City can not approve any encroachment
$\frac{33}{34}$		
$\frac{54}{35}$		location which would adversely affect the ability of the City to
36		maintain City utilities. Such easements, when directed by the
30 37		City, shall be accompanied by temporary easements granted to the City of adaptate width to allow construction of water and
38		the City of adequate width to allow construction of water and
30 39		sewer. The Engineer or developer's surveyor shall provide the
		City with documents necessary to record the easements. The
40		width of combination casements is evaluated at the site
41		development permit stage on a case-by-case basis.
42		Upon issuance of a Site Development Permit and Final Land
43		Division application, the Director will notify the Washington
<b>44</b>		County surveyor that a cadastral review of the Final Land

Division may begin. It is within the authority of the City Engineer or designee to refuse to approve or sign any land partition, partition plat, or subdivision plat for a development that has not installed the necessary public utilities to serve the proposed and affected existing lots. Such approval may be withheld until it can be verified that the location and width of proposed rights of way and easements are adequate for the completed utilities.

C. Where a land division is traversed by a water course, drainage

way, channel, or stream, a storm water easement or drainage right-of-way conforming substantially with the lines of such water course, and such further width as will be adequate for the purpose, may be required. Streets or parking ways parallel to water courses may be required.

2. Building Lines. The Director may approve special setbacks based upon the consideration for safety, topography, geology, solar access or other such reasons. If special building setback lines are to be established in the land division that are greater than required by this Code, they shall be shown on the final land division and included in the deed restriction.

3. Dedications. Infrastructure or public improvements such as public streets, sidewalks, pedestrian ways, bikeways, multi-use paths,

sanitary sewer, storm water system, water system, traffic control devices, parks, open space, and other public rights-of-way required as mitigation for on-site or off-site impacts in proportion to the identified impacts of the proposed development and reasonably related to the development as needed to serve the development, shall be installed at the expense of the developer and dedicated or otherwise conveyed to the City or the appropriate jurisdiction for maintenance. Dedication of any land for park or open space purposes must be approved by the jurisdiction to which the park or open space is being dedicated prior to Final Land Division approval.

4. Homeowner Associations and Declarations. When a Homeowner's Association Agreement or other restrictive covenants are to be recorded with the development, a copy of the appropriate documents shall be submitted with the final plat. The City shall review such documents to ensure that common areas are properly

2       designate monuments and bench marks on the Final Plat.         3       6. Street Trees. Prior to City approval of the Final Plat, street trees shall be planted along street frontages in accordance with the following:         7       7         8       A. For detached dwelling land divisions, the Developer shall pay a fee to the City. The City shall be responsible for tree purchase and planting, and maintenance for one year, consisting of pruning, disease control and watering. The fee shall be based upon a standard of one tree per thirty (30) lineal feet of street frontage, with standard rounding methods applied for fractions thereof. The fee to be charged and collected shall be established and from time to time amended by Resolution of the City Council.         7       8         8       B. For all other land divisions, trees shall be planted in accordance with an approved street tree plan.         21       C. Trees shall be planted in accordance with the City's Tree Planting and Maintenance Policy.         23       60.15.15. Compliance With Land Division Approvals.         24       9         25       1. Requirements Prior to Commencement of Work. Prior to any construction, improvements or land development, the developer shall perform the following:         26       1. The developer shall file detailed plans and epceifications for all public improvements and land development together with a detailed eost estimate to complete such improvements for approval by the City Engineer.         27       3. The developer shall enter into a contracet with the City of Beavereton to make, install and c	1	5.	Monuments and Bench Marks. The developer shall establish and

1	the performance of the said contract and the completion of the
<b>2</b>	said improvements, or land development, free of liens.
3	C.— In cases where both land development and public improvements
4	are to be made, the security required shall be cumulative.
<b>5</b>	D The amount of the security shall be based on an estimate of the
6	cost of the work approved by the City-Engineer in accordance
7	with the following schedule:
8	1. Public Improvements = 100% of cost estimate.
9	2. Land Development = 100% of cost estimate.
10	2 Improvement Procedures. All improvements shall conform to the
11	requirements of this Code and any other improvements standards or
12	specifications adopted by ordinance of the City Council and shall be
13	installed in accordance with the following procedure:
14	A. Improvement work shall not be commenced until-plans have
15	been checked for adequacy and approved by the City. To the
16	extent necessary for evaluation of the land division proposal,
17	such plans may be required before Final Land Division
18	approval.
19	B. Improvement work shall not be commenced until the developer
20	has secured a site development permit. If work has been
21	discontinued for any reason for a period of time exceeding thirty
22	(30) calendar days, it shall not be resumed until the City has
$\overline{23}$	been notified and consented in writing.
$\overline{24}$	C. All required improvements shall be constructed to the
$\overline{25}$	satisfaction of the City Engineer according to Beaverton Code
26	9.04-010 through .120 and -9.05.005 through .170, the
27	Engineering-Design Manual and Standards Drawings, and any
28	amendments thereto. The City may require changes in typical
29	sections and details if unusual conditions arise during
30	construction to warrant such change in the interests of the City
31	or the developer. Upon acceptance of the required
32	improvements, the City Engineer shall notify the developer that
33	the improvements are acceptable pursuant to the Beaverton
34	Code. Acceptance shall be in writing.
35	D. All public and private underground utilities installed in streets
36	in accordance with Section 60.65 (Utility Undergrounding), shall
37	be constructed prior to the surfacing of such streets. Stubs for
38	service connections for all public and private underground
39	utilities shall be extended such that future connections thereto
40	will not require cutting above ground street improvements.
41	E. Plans showing all public improvements as built shall be filed
42	with the City Engineer upon completion of said improvements.
43	3 Improvement Requirements. The improvements that are
44	reasonably related and roughly proportional to the impacts of the

1	nrond	psed development that shall be installed at the expense of the
2		loper are as follows:
	<u>A.</u>	<u>Streets:</u>
4		<u>1. All streets, including alleys, within the land division.</u>
5		2. <u>Streets adjacent to the land division.</u>
6		3. The extension of the land division streets to the
7		intercepting paving line of existing streets with which the
8		land division streets intersect.
9		4. Streets which intersect with streets within the
10		development that provide ingress or egress to the
11		development or on which there are traffic impacts
12		reasonably related to the development.
13		5. — All streets shall be built or improved to City standards.
14	<del>B</del> .—	<u>Catch basins.</u> Catch basins shall be installed and connected to
15		drainage tile leading to storm sewers or drainage ways.
16	<del>C.</del>	<u>Monuments and bench mark.</u>
17	<del>D.</del>	<u>Surface drainage and storm sewer system.</u> Drainage facilities
18		including, but not limited to, conveyance, detention, and water
19		quality facilities, shall be provided within the land division to
20		connect the land division drainage to drainage ways or storm
21		sewers outside the land division. Design of drainage shall be in
22		accordance with the standards established by the City Engineer
23		and shall allow for the extension of the system to serve other
24		areas.
25	<u>E.</u>	<u>Sanitary sewers.</u> Sanitary sewers shall be installed to serve the
26		land division and to connect the land division to existing mains.
27	<del>F.</del>	<u>Water system.</u> Water lines with valves and fire hydrants
28		serving the land division, connecting the land division to City
29		mains, shall be installed in conformance with the City
30		specifications. The design and construction by the developer
31		shall provide for extension beyond the land division, for
32		extensions to adequately grid the City system, and for proper
33	~	connection of adjoining pressure zones, where required.
34	<del>G.</del>	<u>Street Trees.</u> Street trees shall be planted along street
35		frontages in accordance with the following:
36		1. For detached dwelling land divisions, the Developer shall
37		pay a fee to the City. The City shall be responsible for
38		tree purchase and planting, and maintenance for one
39		year, consisting of pruning, disease control and watering.
40		The fee shall be based upon a standard of one tree per
41		thirty (30) lineal feet of street frontage, with standard
42		rounding methods applied for fractions thereof. The fee to
43		be charged and collected shall be established and from
44		time to time amended by Resolution of the City Council.

1		2. For all other land divisions, trees shall be planted in
$\frac{1}{2}$		accordance with an approved street tree plan.
$\frac{2}{3}$		
3 4		3. Trees shall be planted in accordance with the City's Tree Planting and Maintenance Policy.
	и	
5 6	<del>H.</del>	<u>Bike and pedestrian ways.</u> Bike and pedestrian ways shall be constructed according to City Engineering Design Manual and
0 7		
-	т	Standard Drawings. Redestrian Circulation (ORD 4222) Nevember 2004
8 9	<u>I.</u>	<u>Pedestrian Circulation.</u> [ORD 4332; November 2004]
9 10		<ol> <li>Walkways are required between parts of a site where the public is invited or allowed to walk.</li> </ol>
10		<b>▲</b>
11 12		2. A walkway into the site shall be provided for every 300
12 13		fect of street frontage. A walkway shall also be provided
13 14		to any accessway abutting the site.
		3. Walkways shall connect building entrances to one another
15		and from building entrances to adjacent public streets
16		and existing or planned transit stops. On site walkways
17		shall connect with walkways, sidewalks, bicycle facilities,
18		alleyways and other bicycle or pedestrian connections on
19		adjacent properties used or planned for commercial,
20		multifamily, institution or park use. The City may
21		require connections to be constructed and extended to the
22		property line at the time of development.
23		4. Walkways shall be reasonably direct between pedestrian
24		destinations and minimize crossings where vehicles
25		operate.
26		5. Walkways shall be paved and shall maintain at least four
27		feet of unobstructed width. Walkways bordering parking
28		spaces shall be at least seven feet wide unless concrete
29		wheel stops, bollards, curbing, landscaping, or other
30		similar improvements are provided which prevent parked
31		vehicles from obstructing the walkway. Stairs or ramps
32		shall be provided where necessary to provide a reasonably
33		direct route. The slope of walkways without stairs shall
34		conform to City standards.
35		6. The Americans with Disabilities Act (ADA) contains
36		different and stricter standards for some walkways. The
37		ADA applies to the walkway that is the principal building
38		entrance and walkways that connect transit stops and
39		parking areas to building entrances. Where the ADA
40		applies to a walkway, the stricter standards of ADA shall
41		apply.
42		7. On-site walkways shall be lighted to an average 0.5 foot-
43		candle level. Lighting shall have cut off fixtures so that

1	no glare is emitted beyond the property line or onto the
2	public right of way.
3	J. — Other improvements reasonably related to the impacts of the
4	development which may be required in rough proportion to the
5	impacts of the proposed development at the partial or total
6	expense of the developer.
7	1. Improvement of streets providing primary access to land
8	division streets.
9	2. Signals, traffic control devices, and traffic calming
10	devices.
11	3. Intersection improvements.
12	4. Fences, privacy screens, retaining walls, and sound walls.
13	5. Slope stabilization and erosion control.
14	6. Parks and open space shall be improved as required by
15	the City and appropriate jurisdiction.
16	K. <u>Street Lights.</u> Street lights shall be installed in accordance with
17	<del>City standards.</del>
18	L. Curb cuts and driveway installations are not required of the
19	developer but, if installed, shall comply with City standards.
20	4. Maintenance Security. The developer shall enter into a contract
21	with the City of Beaverton to ensure the continued maintenance of all
22	required improvements in a manner consistent with Section 9.05 Site
23	Development of the Municipal Code.
<b>24</b>	5. Grading. [ORD 4332; November 2004]
25	A. When grading a site within twenty-five (25) feet of a property
26	line within or abutting any residentially zoned property, the on-
<b>27</b>	site surface contours shall observe the following:
28	1. 0 to 5 feet from property line. Maximum of two (2) foot
<b>29</b>	slope differential from the existing or finished slope of the
30	abutting property, whichever is applicable.
31	2. More than 5 feet and up to and including 10 feet from
32	property line. Maximum of four (4) foot slope differential
33	from the existing or finished slope of the abutting
34	<del>property, whichever is applicable.</del>
35	3. More than 10 feet and up to and including 15 feet from
36	property line. Maximum of six (6) foot slope differential
37	from the existing or finished slope of the abutting
38	<del>property, whichever is applicable.</del>
39	4. More than 15 feet and up to and including 20 feet from
40	property line. Maximum of eight (8) foot slope differential
41	from the existing or finished slope of the abutting
42	<del>property, whichever is applicable.</del>
43	5. More than 20 feet and up to and including 25 feet from
44	property line. Maximum of ten (10) foot slope differential

	from the existing or finished slope of the abutting
	property, whichever is applicable.
	B. Not withstanding the requirements of subsection A.1. above,
	grading within 25 feet of a property line shall not change the
	existing slopes by more than ten percent within a tree root zone
	of an identified significant grove or tree, or an identified historic
	tree located on an abutting property unless evidence provided by
	a certified arborist supports additional grading that will not
	harm the subject grove or tree. For the purpose of this standard,
	the tree root zone extends the same distance from a tree trunk
	as the tree canopy.

26			3.	Special conditions or circumstances exist on the site that	
27				make it physically difficult or impossible to meet the	
<b>28</b>				applicable development standard for an otherwise	
29				acceptable proposal.	
30					
31			4.	The special conditions and circumstances do not result	
32				from the actions of the applicant and such conditions and	
33 34				circumstances do not merely constitute financial hardship or inconvenience.	
35 35				of inconvenience.	
36			5.	Granting the adjustment as part of the overall proposal	
37				will not obstruct pedestrian or vehicular movement.	
38				-	
39			6.	City designated significant trees and/or historic resources,	
40				if present, will be preserved.	
41					
42			7.	If more than one adjustment is being requested	
43				concurrently, the cumulative effect of the adjustments	

will result in a proposal which is still consistent with the overall purpose of the applicable zoning district.

- 8. Any adjustment granted shall be the minimum necessary to permit a reasonable use of land, buildings, and structures.
- 9. The proposal incorporates building, structure, or site design features or some combination thereof that

compensate for the requested adjustment.

10. The proposal is consistent with all applicable provisions of Chapter 20 (Land Uses) unless applicable provisions are modified by means of one or more Adjustment, Variance, Planned Unit Development applications that already have been approved or are considered concurrently with the subject proposal.

11. The proposal is consistent with all applicable provisions of Chapter 60 (Special Requirements) and that all improvements, dedications, or both required by the applicable provisions of Chapter 60 (Special Requirements) are provided or can be provided in rough proportion to the identified impact(s) of the proposal.

#### 2. Major Adjustment.

\*\*\*\*\*

- B. <u>Procedure Type.</u> The Type 3 procedure, as described in Section 50.45 of this Code, shall apply to an application for Major Adjustment. Upon determination by the Director, the decision making authority will be either the Planning Commission or the Board of Design Review. The determination will be based upon the characteristics of the proposal and any other associated applications.
- C. <u>Approval Criteria</u>. In order to approve a Major Adjustment application, the decision making authority shall make findings of fact based on evidence provided by the applicant demonstrating that all the following criteria are satisfied:
  - 1. The proposal satisfies the threshold requirements for a Major Adjustment application.
  - 2. The application complies with all applicable submittal requirements as specified in Section 50.25.1 and includes all applicable City application fees.
  - 3. Special conditions or circumstances exist on the site that make it difficult or impossible to meet the applicable development standard for an otherwise acceptable proposal.
  - 4. The special conditions or circumstances do not result from the actions of the applicant and such conditions and circumstances do not merely constitute financial hardship or inconvenience.
  - 5. Granting the adjustment as part of the overall proposal will not obstruct pedestrian or vehicular movement.
  - 6. City designated significant trees and/or historic resources, if present, will be preserved.
  - 7. If more than one adjustment is being requested concurrently, the cumulative effect of the adjustments will result in a proposal which is still consistent with the overall purpose of the applicable zoning district.

- 8. Any adjustment granted shall be the minimum necessary to permit a reasonable use of land, buildings, and structures.
- 9. Either it can be demonstrated that the proposed modification equally or better meets the intent of the standard to be modified or the proposal incorporates building, structure, or site design features or some combination thereof that compensate for the requested

## adjustment.

- 10. The proposal is consistent with all applicable provisions of Chapter 20 (Land Uses) unless applicable provisions are modified by means of one or more applications that already have been approved or are considered concurrently with the subject proposal.
- 11. The proposal is consistent with all applicable provisions of Chapter 60 (Special Requirements) and that all improvements, dedications, or both required by the applicable provisions of Chapter 60 (Special Requirements) are provided or can be provided in rough proportion to the identified impact(s) of the proposal.

12. Adequate means are provided or can be provided to ensure continued periodic maintenance and necessary normal replacement of the following private common facilities and areas: drainage ditches, roads and other improved rights-of-way, structures, recreation facilities, landscaping, fill and excavation areas, screening and fencing, ground cover, garbage and recycling storage areas and other facilities, not subject to periodic maintenance by the City or other public agency.

13. The proposal does not include any lot area averaging as authorized by Section 20.05.50.1.B.

14.13. Applications and documents related to the request, which will require further City approval, shall be submitted to the City in the proper sequence.
